About Organiser

主辦機構簡介

The Institute of Financial Technologists of Asia (IFTA) is an NPO established in Hong Kong in September 2017; to uphold the professional standard of Financial Technologists in Asia and create an ecosystem for global fintech talents to be connected. In the witness of the HKSAR Government representatives and the City of London at the signing ceremony, IFTA entered a collaboration agreement with the Certificate in Finance and Technology (CFT) from the United Kingdom to introduce the first CFT program in Asia. Besides delivering certification, IFTA also organises events including boot camps, seminars, and an annual award to accelerate Fintech education and industry engagement among government, regulators, universities, enterprises, and start-ups.

亞洲金融科技師學會是一家於2017年9月在香港成立的非牟利機構，目標是維護亞洲金融科技的專業標準、推動金融科技教育、為行業培育人才。本會在香港特別行政區政府代表的支持及陪同下，本會在英國與英國倫敦城的金融和技術證書機構簽訂了合作協定，向亞洲推出首個金融及科技證書計畫。除提供 CFT (Certificate in Finance and Technology) 國際資格認證外，本會亦舉辦各類活動包括研討會、金融科技大獎、CFT培訓班以促進金融科技發展，培養專業人才，鼓勵政府、監管機構、大學、企業及初創企業的參與。

Message from Founder & Chairman

創辦人兼主席致辭

For the past year, the city as well as the world were subsequently battered by COVID-19, which brought along uncertainties and stresses on the broad economy. Fortunately, our city's pre-pandemic fintech efforts allowed for digital financial services to run relatively smoothly. With the development of the vaccine, it is foreseeable that the pandemic will end soon.

As our attitude to the pandemic shifts from "responding" to "recovering" from it and reshapes the new norm of living, it has not only been posing questions but also encouraging changes. Therefore, it has been a crucial period for the advancement of financial technology, with a key question in mind – How can fintech leaders leverage their unique assets and skills to seize new opportunities in the future? Ultimately, the pandemic has created an opportune time to think big and act boldly. For the past couple of years, Hong Kong's consumer behaviour and retail strategies have been impacted greatly by the popularisation and integration of online shopping, food delivery and online payment. We have also had improved efficiency with the help of digital banking, virtual banking, robo-advisors, etc. The official launch of the 8 virtual banks is one of the examples. Despite it being a difficult time, it has been a golden year for fintech achievements, and these changes are here to stay. We should grab this opportunity to scale the business across GBA's borders and eventually markets in the RCEP region.

As IFTA, we have continued to adapt and keep up with the rapid train of digital transformation. We have also made it our utmost priority to assist our members, new start-ups, developed fintech corporates and ultimately the entire industry.

Regarding the Awards this year, we are pleased to have 55 awardees shortlisted in 14 award categories. This is a testament to our city's thriving developments and a milestone to our innovative achievements. We are very grateful for all your support to the IFTA community which is the key for our organisation to fulfil our mission to nurture global fintech talents and initiatives.

Once again, congratulations to all winners! I would like to invite you all to maintain, improve, and elevate your achievements for the award next year!

Mr Paul PONG

Founder & Chairman of IFTA

Message from Founder & Vice Chairman 創辦人兼副主席致辭

Greetings everyone. It has been of great privilege and pride to celebrate the rapid growth of the fintech industry in Hong Kong. It has been particularly impressive to learn what our awardees have accomplished, including the enterprises, start-ups, universities, and individuals who have contributed to the fintech scene in their ways.

Fintech has been a gradual, but an enormously consequential force of change in financial services over the past decade. But the emergence of COVID-19 suddenly catapulted the digitization of finance, resulting in fintech and business solutions with more resilience and efficiency. I believe it is safe to say that COVID-19 has demonstrated the sheer power of fintech.

While building this fintech ecosystem, we must ensure that we maintain the right factors for it to expand, whether it be infrastructure, talent, funding, etc. We endeavour to nurture more fintech talents with our professional designations, hackathons and webinars to push fintech education to be more accessible and earlier. Through IFTA, we hope to build a wider business network between our members and the industry as well as support for your initiatives.

We also sincerely hope that Hong Kong will advance as a global fintech hub, leading the way with a new approach to digital solutions and integration. Congratulations again to all the awardees! I urge you all to connect and communicate with each other after the ceremony, as we collaborate and pave way to the next stages of our exciting fintech journey! Thank you.

Message from Vice Chairman

副主席致辭

My heartiest congratulations to all the winners of the IFTA FinTech Achievement Award 2020!

Nowadays, FinTech has reshaped the financial sector landscape. While it is true that some financial service jobs will be replaced by technologies, new employees with knowledge that technologies cannot do will be recruited by financial institutions for managing their systems and stakeholders. For this reason, IFTA is actively promoting our Certified Financial Technologists (CFT) program to fill these gaps, aiming to nurture talents to meet the challenge for the next generation of development for the financial services and FinTech sectors in Hong Kong, the Greater Bay Area (GBA) and the Asia-Pacific region. As correctly pointed out by a commentator, talent is vital for the development of FinTech in the financial service industry. Hong Kong needs to find a way to develop more home-grown FinTech talents.

I believe Hong Kong's FinTech will play a pivotal role in supporting the city's economic development. Advancement in FinTech does not only bring innovative solutions to address business needs, but also enhances customer experience on a wide range of aspects.

The IFTA FinTech Achievement Award, since its debut in 2018, have achieved remarkable results in driving FinTech advancement. Through this platform, local FinTech talents and enterprises showcase their innovative ideas, develop FinTech solutions and business opportunities, thereby enhancing Hong Kong's position as a FinTech talent hub and maintaining its competitive advantages in GBA and Asia.

I am inspired by the distinguished performance of this year's award winners. Their works have demonstrated their ability to utilize state-of-the-art technology to develop innovative solutions based on market needs and trends. I believe the successful implementation of the ideas of this year's IFTA FinTech Achievement Awards winners will profoundly benefit businesses and the community, and further promote Hong Kong as a global FinTech city.

Wishing you all the best,

Mr Darron SUN

Vice Chairman of IFTA

Message from the Guest of Honour

主禮嘉賓致辭

Congratulations to IFTA for the IFTA FinTech Achievement Awards Presentation Ceremony running for the third year! The Awards showcase and celebrate the extraordinary achievements made by companies and individuals in the Finance and Technology industry.

With free flow of capital, free flow of information, a regulatory regime aligned with major overseas markets, a deep and liquid capital market, robust financial infrastructure and a wealth of financial intermediaries and talents, Hong Kong is Asia's leading international financial centre and a perfect place for FinTech development.

I believe IFTA will continue to contribute to the FinTech development in Hong Kong which in turn will contribute to improving the overall competitiveness of Hong Kong as an international financial centre.

Mr CHAN Ho Lim, Joseph, JP

Message from the Officiating Guest

貴賓致辭

My warmest congratulations to all the winners of the Institute of Financial Technologists of Asia (IFTA) FinTech Achievement Awards 2020. I would also like to extend my heartfelt thanks to the IFTA in organising this exceptional FinTech Achievement Awards to showcase and celebrate the extraordinary achievements made by corporations and individuals in the FinTech industry.

Hong Kong, being a top international financial centre and the most open economy with the closest link to the Mainland, all along possesses unique combination of advantages in FinTech development. According to the latest Global Financial Centres Index published in March 2021, Hong Kong ranked as the fourth most competitive financial centre in the world. With regard to FinTech, we ranked the sixth in the report, amongst other most vibrant FinTech hubs in Asia.

The Government has implemented various measures to enhance the development of smart city infrastructure in order for FinTech to propel. With the launch of "iAM Smart", the one-stop personalised digital service platform, in end-December 2020, members of the public are able to conduct online transactions and perform digital signing with legal backing in a convenient and secure manner. Business sectors, including the financial sector, are most welcome to leverage on this platform to enhance the user experience of their clients when using their digital services. We have also launched a sandbox programme in this regard where enterprises could test the integration of their applications with a view to facilitating the adoption of "iAM Smart" for their services.

In early July, we have also launched the Consumption Voucher Scheme for registration by eligible citizens using digital channels, in a bid to encourage and boost local consumption and promote the wider adoption of e-payment among Hong Kong citizens. Moreover, the Faster Payment System will be available for making payments electronically in respect of most government bills and licences starting from mid-2022.

With the strenuous support of the financial regulators and industry players, the Government will continue to promote the development of local Fintech ecology. Again, I would like to extend my sincere congratulations to all the winners of the IFTA FinTech Achievement Awards 2020 and wishing you all the best in your future endeavors.

Message from Head Juror

首席評審致辭

It has been another remarkable year for the participants of the IFTA Fintech Award 2020. I would like to share my sincerest congratulations to all the winners who have worked so hard to present their projects and themselves in front of the jury.

Delightfully, this is my second year as Head Juror and it a pleasure to see you all show pride and confidence in your work. And that's what makes our local fintech competition flourish continuously.

We listened and implemented the advice we received to restructure the award categories and the feedback has been very encouraging. I would like to also express my heartfelt gratitude to our nine distinguished panel members for their dedication and whose expertise contributes to the increased credibility of the Awards.

While the pandemic has been detrimental to the global economy, it allowed fintech to seek out and drive opportunities to serve our society. This gives us more reason to celebrate all of you as businesses, intellectuals, and creatives. Indeed, it's been an honour to once again to be a part of such a successful award.

Quote from Jury Panel

評審分享

Mr Simon AU YEUNG

"The IFTA Awards are the Oscars of FinTech in Hong Kong. Looking forward to the continuous pursuit of excellence by various industry fellows in the coming years."

Mr Emil CHAN

"The Association of Cloud and Mobile Computing Professionals is proud to support the renowned IFTA FinTech Achievement Awards 2020 to recognize the leading companies from different sectors to take part in FinTech developments. Congratulations to all awardees! Am looking forward to taking part in the jury with industrial experts to cherry pick the out-performers in the up coming years."

Ir Eric CHAN

"Congratulations to all the winners and entries. As the leading FinTech hub of Hong Kong, Cyberport is glad to see a plethora of exciting and innovative ideas emerged from start-ups and enterprises. The IFTA Fintech Achievement Awards 2020 continues to help accelerate digital transformation of the financial service sector."

Dr Dorothy CHAU

"Great to witness our participants turning their dreams into goals, setting a plan and backing it up by actions! Congratulation to all who have successfully turning your dreams into reality!"

Quote from Jury Panel

評審分享

Mr Eugene HSIA

"It was an honour to be part of the IFTA FinTech Achievement Awards 2020. The companies that participated were impressive and I wish each of them an incredibly bright future."

Ms Selina LAU

"I am delighted to join the judging panel composed of esteemed industry experts and duly recognise the incredibly innovative and yet pragmatic FinTech solutions."

Mr Sean LEE

"It is truly fantastic to see such a vibrant FinTech ecosystem in Hong Kong and the Greater Bay Area. Congrats to all the award winners!"

Mr Vincent MA

"While passions and ideas are indispensable in innovations, it's still the translation into sound business models that makes the real difference. We, as jurors, were privileged to hear directly from good start-ups with great business minds."

Ms Juni YAN

"IFTA FinTech Achievement Awards is a very motivating and impressive event encouraging talents from a wide array of FinTech domains to share their achievements and contribute to the FinTech developments of Hong Kong."

Award Objective

大獎宗旨

Embracing FinTech amid New Normal and Accelerating Digitization

The IFTA FinTech Achievement Awards (IFTA) – now running for its third year – showcases and celebrates the extraordinary achievements made by companies and individuals in the Finance and Technology industry. This year, the awards have been streamlined into 18 FinTech categories to focus the competition: 14 for corporates and 4 for individuals.

IFTA FinTech Achievement Awards 2020, with the theme “Embracing FinTech amid New Normal and Accelerating Digitization”, recognises the important role talented corporations and individuals play in FinTech development and implementation. The theme also takes into consideration some of the leading characteristics of our time: the global pandemic and economic shifts have accelerated digitization, and created an array of new norms in how people work and live. The future of FinTech will be linked to how well the industry adapts – and Hong Kong, one of the world’s leading financial centres, can lead the way.

Financial institutions or service providers need innovative solutions that meet changing business and social needs. Awardees should possess competence in their respective subject, with a drive to continuously improve. Being ethical and responsible will be also be key, as we expect winners to set a positive example for the industry. Through this Award, IFTA hopes to draw likeminded professionals together and build a vibrant and prosperous community for all.

迎接新常態 擁抱金融科技 加速數碼化

IFTA金融科技成就大獎表揚並展示企業及個人在金融科技行業所創下的非凡成就。獎項連續第三年舉辦，獎項被劃分為18個金融科技獎項類別，分別為14個企業獎項類別及4個個人獎項類別，以表揚全球金融科技領域的創新、教育、研發及應用。

IFTA金融科技成就大獎2020以「迎接新常態擁抱金融科技加速數碼化」為主題，旨在表彰在金融科技發展和實踐中有出色成就的企業和人才。主題考慮了當下最重要的時代特徵－冠狀病毒的全球大流行及由加速數碼化引發的經濟轉型，人們的工作和生活方式發生變化，形成一系列的新常態。金融科技的發展將與金融產業的適應能力息息相關，而香港作為世界領先的金融中心之一，可以成為當中的潮流引領者。

金融機構或服務供應商需要嶄新的解決方案，以滿足不斷變化的業務和社會需求。獲獎者應在其所屬領域中具有卓越才能，並持續進步。道德與關懷同樣至關重要，因為我們希望得獎者為行業樹立正面榜樣。IFTA希望通過這一獎項，凝聚人們的想法，並建立一個在金融與科技氛圍包圍下生機勃勃的繁榮社區。

Wizpresso

WIZPRESSO
濃說

Wizpresso is a research and technology company based in Hong Kong that specializes in natural language processing and artificial intelligence. Our product includes market intelligence, transaction verification, and document automation software. In 2017, we saw the available technology failed to help businesses in utilizing unstructured information. We saw the need to build a different kind of technology that empowers enterprises in open-data collaboration, knowledge comprehension, and on-demand decision making. This is why we founded Wizpresso - a rich dose of wisdom that can be consumed daily like an espresso.

濃說(Wizpresso)是一家提供人工智能技術的公司，致力改善與優化金融機構及各行企業的研究、業務和決策流程。我們透過尖端自然語言處理技術，讓金融界的專業人士能輕鬆自製分析模型，並在短短幾秒鐘內從大量非結構化數據中找到有用的見解。我們的平台獲得來自投資銀行、資產管理公司、股票分析公司和律師事務所等的支持，反映市場對我們技術的認同。

BIBO Limited
標保有限公司

Founded in 2000, BIBO focuses on Accounts Receivable Management for banks, financial institutions and services providers across many industries. In strict compliance with relevant laws, codes of conduct and ethics, we uphold the highest standards of quality and transparency.

Thanks to AI technology, we successfully implemented a call monitoring system, our speech recognition engine translates all dialogues between our frontline staff and debtors. In compliance point of view, we achieved 100% monitoring to all conversations, this ensured our service quality. Our system also capable to alert any sensitive information from the conversations and initiates further actions, this greatly enhanced the effectiveness of our services.

標保(BIBO)創立於2000年，憑藉誠信為本的服務理念，我們一直專注為銀行、金融機構和各行業提供應收賬款管理方案。我們嚴格遵守相關法律、行為準則和道德規範，秉持最高質量和透明度。

全賴人工智能技術，我們開發出通話監控系統。當中的語音識別引擎成功把前線職員與債務人之間的所有對話翻譯成文字。從合規性的角度來看，我們實現了對100%所有對話的監控，從而確保了我們的服務質量。我們的系統還能夠從對話中找出任何敏感信息並建議跟進措施，從而大大提高了我們的服務效率。

AsiaTop
Loyalty

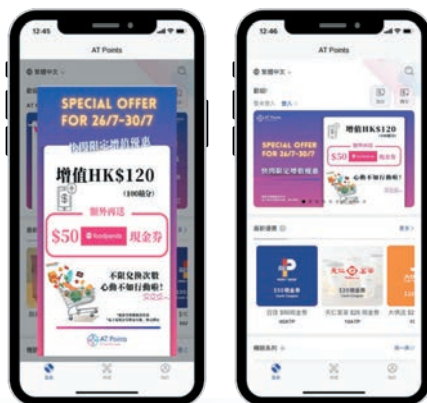

Asia Top Loyalty Limited
亞洲卓盛有限公司

AsiaTop FinTech startups and the only open loop loyalty platform in Greater Bay Area focusing on loyalty points exchange, e-voucher, digital marketing and O2O by using latest technologies such as blockchain, AI and AR. AsiaTop Loyalty leverages technologies to connect and integrate multiple loyalty programs, allowing fragmented reward points to be converted into a universal unit – AT Points, allowing users to redeem coupons or exchange points from a wide variety of merchants in real-time on a single platform

2019冠狀病毒疫情改變了全球人民生活模式，更有帶動了電子消費行業。創科公司AsiaTop看準時機建立一個全開放式的積分交易平台“AT Points”，讓市民輕鬆地使用現有積分或兌換新積分，換領現金券或折扣券。用戶登記後，更可免費領取平台上的折扣券，於商店消費時出示折扣券二維碼即可享用優惠。AT Points平台上有過二千個商戶點，包括香港人常惠顧的百佳超級市場、日本城、屈臣氏等生活百貨，還有大快活、天仁茗茶、健康工房等大型餐飲集團，更有跟生活息息相關的服飾品牌“GIORDAN”、“Bossini”及時尚品牌“D-mop”、流動充電器服務商“充電易”、動漫精品購物網“Ani-Mall”等。致力為用戶提供最全面的折扣優惠，照顧到生活每一環。

除了單向積分兌換外，AT Points並沒有忘記疫情下港人的社交需求，平台特別設立「積分轉贈」及「優惠券分享」功能，讓用戶在享受優惠的同時，亦可跟朋友轉分互動，把積分跟社交生活連結起來，收到AT Points的朋友可於平台換取所需的現金券！

AT Points的推出不單使電子消費的概念更深入生活，其平台上提供的折扣優惠更在經濟下滑的環境下，為市民提供一個新的省錢渠道。

Central Bank Digital Currency Project

This is a wholesale central bank digital currency (CBDC) research project that explores the capabilities of distributed ledger technology (DLT) and studies the application of CBDC in enhancing financial infrastructure to support multi-currency cross-border payments.

In order to tackle current corresponding bank cross-border fund transfers model's pain points, a blockchain prototype is developed with several central banks. Participants can explore the capabilities and key design challenges of DLT to support instant cross-border payment versus payment (PvP) in multiple currencies among multiple jurisdictions.

We are committed to co-creating and re-defining business models and client experiences with visionary financial institutions to make financial services simpler, faster, smarter and safer.

這是一個中央銀行批發數字貨幣的研究項目，旨在探索分佈式賬本技術(DLT)的功能，並研究央行數字貨幣在增強金融基礎架構中以支持跨境，多幣種方面的支付應用。為了解決現今銀行跨境資金轉移模式的痛點，我們協助多家中央銀行共同開發了一個區塊鏈原型。參與者可以探索分佈式賬本技術的功能和關鍵的設計挑戰，以支持多個司法管轄區之間以多種貨幣進行即時跨境支付同步交付(PvP)。這項目包括對可擴展性，互通性，隱私和治理的探索。

四方香港努力不懈，用科技讓金融無處不在，令金融服務變得更簡易，更快捷，更智能，更安全。

FORMS Digital Banking Platform

FORMS' bank-in-a-box (LEGO-like bank) is an innovative, composable and scalable solution aimed to accelerate the FinTech and digital adoption journey for the financial industry and the ecosystem. It provides an alternative for banks to resolve the technology debts on the aging and proprietary mainframe-based processing systems.

It operates on commoditized hardware and open software technologies that can scale elastically up to thousands or ten thousand of transaction throughput while keeping the operation cost of no more than one tenth of the legacy-based expenses from the past deployment references. Therefore, it can provide financial institutions faster time-to-market, scaling up and down more easily with flexible CAPEX and OPEX expenses. It will become the desirable business operating model in this digital era.

We are committed to co-creating and re-defining business models and client experiences with visionary financial institutions to make financial services simpler, faster, smarter and safer.

FORMS的一體式銀行(LEGO式銀行)是一種創新，可組合且可擴展的解決方案，旨在加速金融業和生態系統的金融科技和數字採用進程。它為銀行提供了另一種選擇，以減輕投資或再次投資於老化系統和大型主機的處理系統上。

它使用商品化的硬件和開放式軟件技術進行操作，這些技術可以彈性擴展至數千或一萬個事務吞吐量，同時將運行成本減低至傳統支出的十分之一。因此，它可以幫助金融機構縮短產品上市時間，並通過靈活的CAPEX和OPEX支出更輕鬆地擴展和縮小規模。它將成為數字時代理想的業務運營模式。

四方香港努力不懈，用科技讓金融無處不在，令金融服務變得更簡易，更快捷，更智能，更安全。

Tony Lam has extensive experience in FinTech areas. He held bachelor degrees in Mathematics, Risk Management, and Actuarial Science from HKU, and also graduated with distinction of master in Computer Science from the same university. He is also a certified FRM, PRM and TMA member.

Before starting ALGOGENE, Tony worked as Risk Manager, Quant Researcher, Data Analyst, Algo Developer and Software Engineer for banks and financial institutions, including BOCHK, DBS and WorldQuant.

Tony is also the champion and award winner from IPHatch (2020), BOCHK Hackathon (2019), World Quant Champion (2018), RITC (2017), GES (2017), CASH Algo (2016), WQ Challenge (2015,2014).

林福明(Tony)在金融科技領域擁有豐富經驗。他擁有香港大學的數學，風險管理和精算學學位，並在同一大學的計算機科學碩士畢業。他還是FRM，PRM和TMA的認證成員。

在創立ALGOGENE之前，Tony曾擔任銀行和金融機構(包括中銀香港，星展銀行和WorldQuant)的風險管理，量化研究，數據分析，算法開發和軟件工程。

另外，Tony亦是多項國際比賽的得獎者，包括：IPHatch (2020)，BOCHK Hackathon (2019)，World Quant Champion (2018)，RITC (2017)，GES (2017)，CASH Algo (2016)，WQ Challenge (2015,2014)

CHAN Wai Yan Vanessa
陳鐔欣

In the past year, Vanessa, along with her team, has been dedicated to a financial education application – SIGMA. With a strong vision to help millennial clients understand their risk appetite, SIGMA stands as an application in matching ready millennial clients with investment vehicles that best suit their risk preferences through gamification of client onboarding & sentiment analysis, and providing millennial with interactive financial education. The vote of confidence from IFTA will be a strong addition to Vanessa's future commitment in the FinTech industry. Vanessa, upholding the faith of financial inclusion, will continue making an effort to embrace equality.

陳鐔欣現於香港科技大學攻讀風險管理及商業智能學，2020年獲經濟通頒授金融科技年度金獎(大專院校)。

有見加密貨幣等另類投資迅速崛起，陳鐔欣與初創團隊致力開發應用程式SIGMA，利用平台遊戲為千禧用戶配對符合其風險偏好的投資工具。透過萃取彭博及谷歌的數據工作經驗，陳鐔欣牽頭為SIGMA配置實時財經新聞及情感分析功能，訂製專屬千禧世代的金融學習歷程。

陳鐔欣堅信，未來將有更多女性貢獻創新力量，只因科技的力量不止於顛覆，更在於啟蒙。

IFTA 極客「女程」青年大賽 2021 Girls in Tech Hackathon 2021

IFTA極客「女程」青年大賽2021已於二零二一年八月八日圓滿結束，是次活動由亞洲金融科技師學會(IFTA)主辦，由微軟香港(Microsoft Hong Kong)和一小時編程香港(Hour of Code Hong Kong)聯合協辦，並得到標保(BIBO Limited)贊助，以及邀得香港國金獅子會(Lions Club of Hong Kong IFC)、香港電腦教育學會(The Hong Kong Association for Computer Education)、香港數碼港管理有限公司(Hong Kong Cyberport Management Company Limited)和資訊科技教育領袖協會(Association of I.T. Leaders in Education)作為活動支持機構，比賽旨在促進和鼓勵中學生和青少年的創新，以及提升創科行業多樣性和技術發展，以培養青少年對人工智能和創新科技的學習動力和願景。本會相信透過是次活動，可以鼓勵更多女性學生等青年代表參與創新科技，並培養他們對科技的興趣，推廣STEM教育和文化之多元性。

活動以不同的金融場景為主題，參賽者需要按大會預設場景之要求建立聊天機器人(ChatBot)，並從不同的角度整理和揉合各項編程知識，於第二天的比賽中向評審展現她們的創意。大會為幫助學生更投入參與其中，在賽前提供金融及編程等知識工作坊，是次活動最後得到19隊中學隊伍、合共逾50名女高中生的積極參與，她們透過口頭匯報、程式演示等向評審展示她們的創新意念和解難能力。大會十分榮幸能邀得安盛香港及澳門數據科學總監陳懿昕女士擔任首席評審，並由騰訊港澳及跨境金融事務總監周頌琪博士、商業顧問麥明詩小姐，以及微軟香港公共事業部總監張苑瑩女士擔任專業評審。

獲獎隊伍：

冠軍：港大同學會書院 Team 18 隊伍
